LETTER FROM THE CHAIRS & CEO

Dear HBIF supporters,

The 2015-16 fiscal year was positive and exciting for HBIF. "Avanzando" is a great way to describe our organization, clients, funding and partnerships advanced.

We achieved considerable increases in our service delivery, state funding and overall growth. HBIF clients are extremely passionate about growing their businesses sustainably. Our volunteers are more engaged than ever in carrying out the mission. The staff has grown and remains devoted to delivering excellent service. The State of Florida increased its grant amount for 2015-16 and allowed HBIF services to be delivered beyond the three regions where HBIF has offices. And partners and funders continue to collaborate with us and invest in our organization.

As you read this report, you will notice that the number of clients provided on-site consulting increased by 25 percent compared to last year, while the number of jobs that they reported as created or retained increased by 80 percent. That is a notable accomplishment and economic impact, especially considering that most of HBIF’s clients are in the start-up phase and have less than 10 employees.

Going forward, HBIF has even more ambitious goals. Greater support and involvement from the community is vital as we serve more entrepreneurs, continue to strengthen the organizational infrastructure, carry out programs in additional areas across Florida, and expand our reach to serve those among the nearly 5 million Hispanics in Florida who own businesses or have entrepreneurial aspirations.

We are deeply grateful to everyone who already supports HBIF. Client referrals and monetary investments in our organization and clients will further enable HBIF to foster job creation and contribute to Florida’s economy, small business sector, minority-owned enterprises and Hispanic community.

Michael and Jessica Pastrana successfully turned a simple idea into a solid, sustainable business. After developing the business concept, they sought HBIF’s assistance to create a business plan and obtain a business loan to build a unique, custom-built pet resort. The Pastranas continued taking advantage of HBIF’s services and also obtained grants for legal and accounting assessments, a marketing plan, ongoing consulting and the support of an advisory council for one year.

The young Puerto Rican couple pursued their dream and in 2008 established Happy Paws Pet Resort, a 5,000 square foot state-of-the-art boarding and day-care facility featuring elevated amenities, individual pet suites, and Orlando’s first underground doggie pool. Happy Paws offers overnight care for dogs and cats, doggie daycare, grooming, and different types of training for dogs.

“Once upon a time, Happy Paws Pet Resort was only a dream; today it’s where dogs’ dreams come true!” They say “Every dollar was made to create a fan, stress-free experience for our beloved guests... from the double insulated boarding area to our bone shaped pool.”

Since opening with six employees, Happy Paws has grown to employ 12 full-time and part-time employees along with 3 subcontractors. The business has exceeded $1 million dollars in sales and boasts more than 5,000 clients.

**CLIENT SPOTLIGHT: ZAZA NEW CUBAN DINER**

The Pérez family has been in the food industry since before arriving at the U.S. from Cuba. Rubén and Laura Pérez took over parent company Pérez of Florida, Inc. in 1990 and established Don Pepín’s Cuban Restaurant in Altamonte Springs.

In the mid-1990s they sought assistance from HRIIF to obtain minority certification for government contracts and a new business plan to continue growing the company. HRIIF was also able to assist them in accessing loans for expansion. In 2001 Rubén and Laura purchased Yaya’s Cuban Restaurant and in 2013 renamed it Zaza New Cuban Diner.

The company has grown, re-branded, and consistently succeeded over the years. Today, Zaza New Cuban Diner employs 50 full-time staff and 15 part-timers. Pérez of Florida, Inc. also has four restaurants at the airport and is a joint venture partner for the food service at the Orange County Convention Center.

Luciels Torres, owner of Orlando Montessori Bilingual Academy, offering a dual-language academic program for children ages 2 to 3.

Andrés Rico, owner of Tiny Tots Preschool, a preschool for 6-month-olds to second graders, focused on respect and self-love.

I began my business out of passion and personal drive. I ran the daily operations and grew my business by trial and error. I was in need of business knowledge and HBOF gave me that. It led me to open doors that I didn’t know existed and I learned of the many services available to me as a small business owner.

HBOF had a key role in our process of opening the school, providing us the right tools and support needed for this new venture.

HBIF helped me with consulting and a business plan. Every company should have a business plan but the problem is that a lot of us are too busy working, trying to operate a business, and you get distracted with important things like accounting and human resources.

Do research and get involved with HBIF to get started in the right direction. It’s awesome to know that they provide all these services to local businesses.
