Dear HIBF supporters,

The 2015-16 fiscal year was positive and exciting for HIBF. Aprendiendo is a great way to describe it: our organization, clients, funding and partnerships advanced.

We achieved considerable increases in our service delivery, state funding and overall growth. HIBF clients are extremely passionate about growing their businesses sustainably. Our volunteers are more engaged than ever in carrying out the mission. The staff has grown and remains devoted to delivering excellent service. The State of Florida increased its grant amount for 2015-16 and allowed HIBF services to be delivered beyond the three regions where HIBF has offices. And partners and funders continue to collaborate with us and invest in our organization.

As you read this report, you will notice that the number of clients provided one-on-one consulting increased by 56 percent compared to last year, while the number of jobs that they reported as created or retained increased by 83 percent. That is a notable accomplishment and economic impact, especially considering that most of HIBF’s clients are in the start-up phase and have less than 10 employees.

Going forward, HIBF has even more ambitious goals. Greater support and involvement from the community is vital as we serve more entrepreneurs, continue to strengthen the organizational infrastructure, carry out programs in additional areas across Florida, and expand our reach to serve those among the nearly 5 million Hispanics in Florida who own businesses or have entrepreneurial aspirations.

We are deeply grateful to everyone who already supports HIBF. Client referrals and monetary investments in our organization and clients will further enable HIBF to foster job creation and contribute to Florida’s economy, small business sector, minority-owned enterprises and Hispanic community.

CLIENT SPOTLIGHT: HAPPY PAWS PET RESORT

Michael and Lindsay Pastrana successfully turned a small idea into a solid, sustainable business. After developing the business concept, they sought HIBF’s assistance to create a business plan and obtain a business loan to build a unique, custom-built pet resort. The Pastranas continued taking advantage of HIBF’s services and also obtained grants for legal and accounting assessments, a marketing plan, ongoing consulting and the support of an advisory council for one year.

The young Puerto Rican couple pursued their dream and in 2008 established Happy Paws Pet Resort, a 5,000 square foot state-of-the-art boarding and day-care facility featuring exclusive amenities, individual pet suites, and Orlando’s first inground doggie pool. Happy Paws offers overnight care for dogs and cats, doggie daycare, grooming, and different types of training for dogs.

“We once upon a time, Happy Paws Pet Resort was only a dream; today it’s where dogs’ dreams come true!” they say.

“Their desire was to create a fun, stress-free experience for our beloved guests — from the double insulated boarding area to our bone shaped pool!”

Since opening with six employees, Happy Paws has grown to employ 12 full-time and part-time employees along with 5 subcontractors. The business has exceeded $1 million dollars in sales and boasts more than 5,000 clients.

All HRIF educational assistance is open to the public and offered in Spanish.

Orientation Sessions provide basic information about how to start a business. The Hispanic Business Workshop Series offers training on specific topics that assist entrepreneurs in making critical decisions to succeed.

BUSINESS TECHNICAL ASSISTANCE
Free one-on-one consulting helps entrepreneurs identify the short and long-term needs of the existing or prospective business. These services include assistance with minority certification, business plans, business plan analysis, and more.

ENTREPRENEURIAL GRANTS
HRIF’s grants allow startups and existing businesses to receive advanced business development services from local subcontracted experts at no cost to the business owner. These include: legal structure assessment, business plan development, loan application preparation, website development, marketing plan development, accounting assessment, QuickBooks training, corporate branding, and export assistance.

LOAN FACILITATION
While HRIF is not a lender, it helps business owners apply for traditional and microloans by assisting with guidance, business plan creation, loan application preparation, and business concept presentation.

CLIENT SPOTLIGHT: ZAZA NEW CUBAN DINER
The Pérez family has been in the food industry since before arriving at the U.S. from Cuba. Rubén and Laura Pérez took over parent company Pérez of Florida Inc. in 1990 and established Don Pepé’s Cuban Restaurant in Altamonte Springs.

In the mid-1990s, they sought assistance from HRIF to obtain minority certification for government contracts and continue growing the company. HRIF was also able to assist them in accessing loans for expansion. In 2001 Rubén and Laura purchased Yaya’s Cuban Restaurant and in 2013 renamed it Zaza New Cuban Diner.

The company has grown, re-branded, and consistently succeeded over the years. Today, Zaza New Cuban Diner employs 50 full-time staff and 15 part-timers. Pérez of Florida Inc. also has four restaurants at the airport, and it is a joint venture partner for the food service at the Orange County Convention Center.

Lucelis Torres, owner of Orlando Montessori Bilingual Academy, offering a dual language academic program for children ages 2 to 3.

Andrés Rico, owner of Tiny Tots Preschool, a preschool for 6 months-olds to second graders, focused on respect and self-love.

I began my business out of passion and personal drive. I ran the daily operation and grew my business by trial and error. I was in need of business knowledge and HBF gave me that. It led me to open doors that I didn’t know existed and I learned of the many services available to me as a small business owner.

HBF had a key role in our process of opening the school, providing us the right tools and support needed for this new venture.
